

Veera Venkata Sai Sivaram Vangavolu

Columbus, OH | Open To Relocation | (614) 599-3989 | sivmm29@gmail.com, LinkedIn, GitHub, Portfolio

EDUCATION

Master of Science in Business Analytics

Aug 2024 – Dec 2025

University of New Haven, West Haven, CT

Bachelor of Engineering in Computer Science

Aug 2019 – May 2023

Jawaharlal Nehru Technological University, Kakinada, India

TECHNICAL SKILLS

- **Generative AI & Imaging:** Stable Diffusion XL, ControlNet, IP-Adapter, DreamBooth/LoRA Fine-Tuning, Real-ESRGAN, Image Pre-/Post-Processing, Dataset Cleaning, Prompt Engineering, AI Output Evaluation.
- **ML Libraries & Compute:** Python, PyTorch, Hugging Face (diffusers, PEFT), OpenCV, ONNX Runtime, NumPy, Pandas, NVIDIA A100 / CUDA.
- **Cloud & DevOps:** Azure (ML GPU Clusters, Functions, SQL, Blob Storage, Key Vault), GCP (Cloud Run, Vertex AI), Docker, Git/GitHub, GitHub Actions CI.
- **Programming & Integration:** SQL, React, TypeScript, Node.js, REST APIs, PowerShell, Bash, Power BI.
- **Quality & Governance:** Model Validation, Regression Testing, Data Governance, Data Privacy (GDPR/BIPA), Technical Documentation.

PROFESSIONAL EXPERIENCE

Data Analyst

Feb 2026 – Present

Community Dreams Foundation | Remote

- Built per-user **Stable Diffusion XL** fine-tuning and generation: **DreamBooth LoRA** training (PyTorch, diffusers) with **depth ControlNet**, IP-Adapter conditioning, and prompt-engineered studio backdrops.
- Built image pre-/post-processing: OpenCV face detection, **1024px** cropping, and bad-crop filtering; **Real-ESRGAN** upscaling to **2048px** and face refinement.
- Designed an **AI image evaluation framework** (ArcFace identity scoring, quality gate, regression detection), cutting train+generate time **~71→40 min (~44%)** and raising identity fidelity to **84% of the achievable ceiling (from 76%)**.
- Deployed containerized training and inference on an autoscaling **Azure ML** cluster of **NVIDIA A100** GPUs; automated **Azure Functions** deployments and **GitHub Actions CI (1,387 tests)**.
- Defined and tracked platform KPIs in **SQL: 84 users, 1,175 headshots**, a **60% repeat-user rate**, and **~5.6× job growth (13→73 jobs/mo)** across **9 organizations / 166 seats** in private beta.
- Diagnosed a SQL connection defect behind **223 HTTP 500s across 11 endpoints** using **Azure Application Insights**.
- Authored **architecture, decision, and KPI/acceptance-criteria** documents and **coordinated a 6-person team** as backend lead.

Founder (Self-Employed)

July 2026 – Present

Lakshyaa.ai | Remote

- Building Lakshyaa, an AI workspace that helps construction subcontractors manage cash — a 13-week cash-flow forecast with scenario planning and a multi-agent engine that reads their books and ERP to flag shortfalls weeks ahead and recommend ranked, evidence-backed options.

Data Analyst Intern

Nov 2025 – Dec 2025

Downtown Evening Soup Kitchen | New Haven, CT

- Built SQL-driven Looker Studio dashboards and recurring KPI reports over **3 years** of multi-site operational data (16 service categories, 1,000+ visits, 8 cities, 20 partner agencies), informing leadership resource allocation and capacity planning.

PROJECT EXPERIENCE

Traffic Demand Forecasting & Analytics — Port Authority of NY & NJ

Aug 2025 - Dec 2025

- Built a SQL + Python pipeline over **11+ years** of transportation data (**81M+** toll-violation records across 8 bridges/tunnels) and trained **Azure AutoML** models into a self-service app producing facility-level demand forecasts through 2028.

AI Outreach Platform — Full-stack AI + analytics app (Python · React/TypeScript · Google Cloud)

- Built an **A/B experimentation + funnel-analytics** platform (variant assignment, significance gating, open/click/reply/opt-out tracking via Pub/Sub) on Cloud Run + Vertex AI, lifting reply rate **4%→11%** across **1,400 leads**.

LEADERSHIP & ACTIVITIES

E-Board Member, Market Research Analyst

Jan 2025 – Dec 2025

University of New Haven – Consulting Club | West Haven, CT

- Selected as 1 of 7 executive board members to launch and scale the consulting club to **90+ members within one semester**, supporting member recruitment and organizational planning.

CERTIFICATIONS

Google Data Analytics Professional Certificate — Google

2025

SAP Certified Associate: SAP Generative AI Developer (C_IG_2412) — SAP

Feb 2026

SAP Certified Associate : Data Analyst - SAP Analytics Cloud — SAP

Mar 2026
